From the Commissioner of the Nagar Division, To the Offg. Secretary to the Chief Commissioner of Mysore, General Department, No. 525—Rev. 108, dated 7th December 1875.

I have the honor to submit for the Chief Commissioner's information that at the Survey settlement of the Davangere Taluk no site was allowed for a deserted village called "Rangavanhalli" on account of its being uninhabited at the time.

2. Since then houses have been built on Survey numbers under the circumstances mentioned in the enclosed copy of a letter No. 394, dated 7th August 1875, from the Deputy Commissioner, who now proposes that the marginally noted pieces of land be set apart as the site.

Portion of Survey No. 1, 38 acres and 37 guntas, assessed at Rs. 12.	4	0
	5	27

assessed at 1—12—0.

3. I personally inspected the spot and found that if an old well situated in Survey No. 5 is restored, a small village will no doubt establish itself and bring the surrounding land into cultivation which will be an advantage in an otherwise thinly peopled part of the taluk.

4. Under these circumstances I request that sanction may be obtained for the assignment of the site in question.

From the Offg. Deputy Commissioner of the Chitaldroog District, To the Commissioner of the Nagar Division, No. 394, dated 7th August 1875.

I have the honor to bring to your notice the following circumstances reported by the Amildar of Davangere.

The village of Rangavanhalli in the Anagod Sammat having been uninhabited at the time of Survey operations, no village site was set apart for building purposes; the village map shews only assessed and unassessed numbers.

About 4 years ago, when Charkpalli Ramaiya was the Amildar, certain ryots cultivating the lands of that village applied to him and got permission to build houses on the Survey numbers noted in the margin which are assessed waste. The number of houses now standing is six, but there is nothing on record to shew under what circumstances or authority sanction was accorded to the said individuals by the above Amildar; this fact has been deposed to by the Shanbhog.

No. 1, measuring 38 acres and 37 guntas assessed at Rs. 12.
No. 21, measuring 1 acre and 27 guntas assessed at 8 annas.

The waste numbers in question are shewn annually in the Hulbanni Patrik No. 5, according to form, although the fact of there being houses built on them came to light only lately. The Amildar now recommends that the said two numbers be allotted for building purposes, the assessment being remitted as more houses are likely to be built, and the want of a village site is very much felt.

The vernacular correspondence on the subject is herewith submitted for perusal and return.

No. 7571—Rev. 41, dated Bangalore, 8th January 1876.

Order thereon.—Under the circumstances represented in the foregoing letter, the Offg. Chief Commissioner directs that the Survey numbers noted in the margin in the village of Rangavanhalli in the Davangere Taluk be appropriated for building purposes and entered in the accounts as the village site. The necessary corrections will be made in the Survey accounts.
